# SUMMARY

As my first ever experience abroad, I am so happy to have done it in France. From the planned visits to my own little explorations, I was left in awe with the beautiful architecture and breathtaking views. Needless to mention, the food was amazing and compensated for walking around everywhere!

My favorite place to visit was definitely Nice! The beaches were just gorgeous, although the water was freezing cold! As for my favorite activity, I enjoyed kayaking in Roussillon the most! Overall, the stay in Aix-en-Provence was unique, and I got to experience a new culture day by day. Thank you for making this extraordinary experience memorable!
