First day exploring. I love yellow, so I took photos of all of the beautiful yellow buildings.

📍 Lima, Peru

I took pictures of everything that I found pleasing to look at. This wooden sphere and green background was beautiful so Alex took a picture of Elena & I.

Love Park!!

# Llama sanctuary

These llamas were very friendly and loved to be near people!

## Sacred Valley

We explored archaeological sites all day long, taking a bus up and down the mountains. We learned the different agricultural and burial methods that were so important to the incas.

## Exploring Machu

### Picchu!

This view was breathtaking. The rain made us appreciate the drainage system used. It was so cold, but so fun! This is the first wonder of the world I've seen.

Eating at the 4th best restaurant in the world!

CENTRAL

Some of my favorite, flavorful dishes.

## Last group dinner and surfing!

We took surfing lessons for an hour and it was really hard! I stood after like 10 tries. Most fun thing to do at the beach.

We went to eat at the restaurant pictures above next to me riding the waves. I ate this salmon on a hot rock, and it was so good!
