

Peru Wintermester 2023

CVEN 423

DR. OLIVERA

HENRY TEEL

Touring Lima pt. 1

The first few days of the trip we used our free time to explore Miraflores and the surrounding areas of Lima. We also had organized group tours to Barranco and the historical district.

Touring Lima pt. 2

Group Dinners

We also went on several awesome group dinners to some fancy restaurants. This was a great opportunity to try many traditional Peruvian dishes and also have a great time with my fellow students! We couldn't pass up Central, the number two rated restaurant in the world.

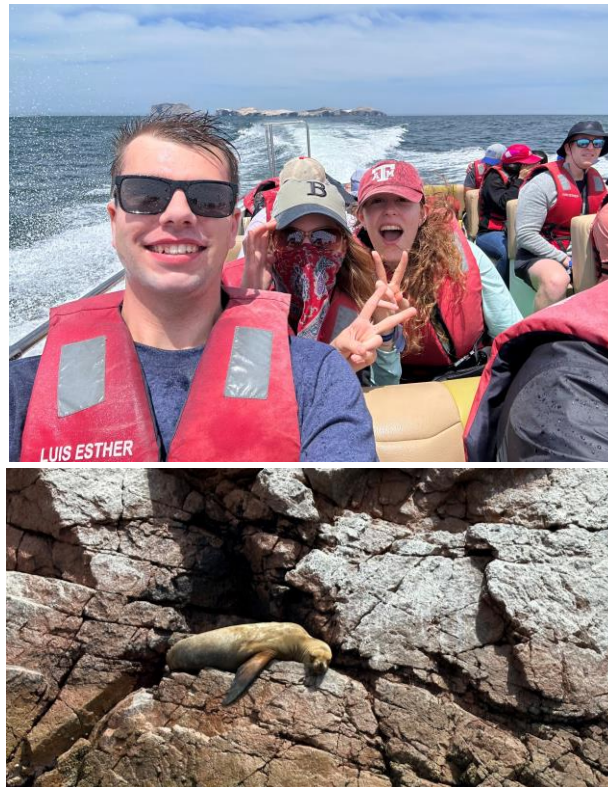

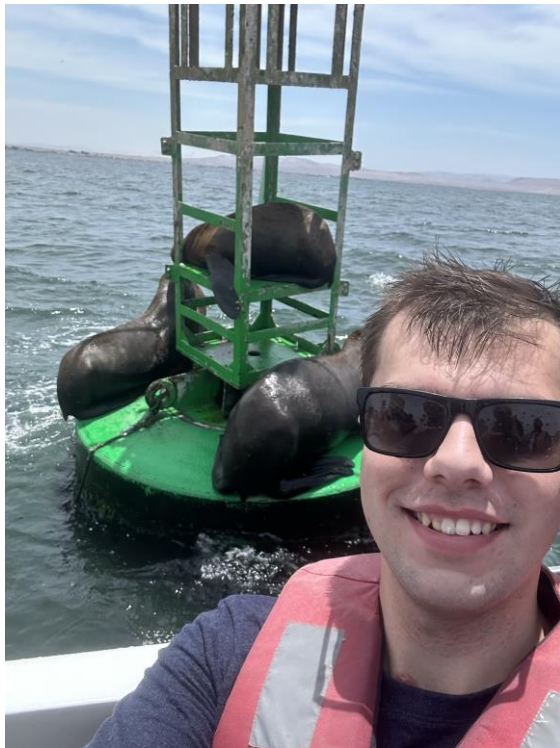

Ceviche & Dance Class

Paracas Excursion

On my favorite day of the trip, we got to take a boat ride out to the Isla Ballestas National Reserve to see penguins and sea lions!

Paracas pt. 2

We also rode dune buggies through the desert and went boarding on the sand dunes!

Sacred Valley pt. 1

In the Sacred Valley we toured many small villages and Incan ruins. This was a really cool experience to explore such large creations that were built by hand so long ago. These tours also included a whole lot of stairs to climb!

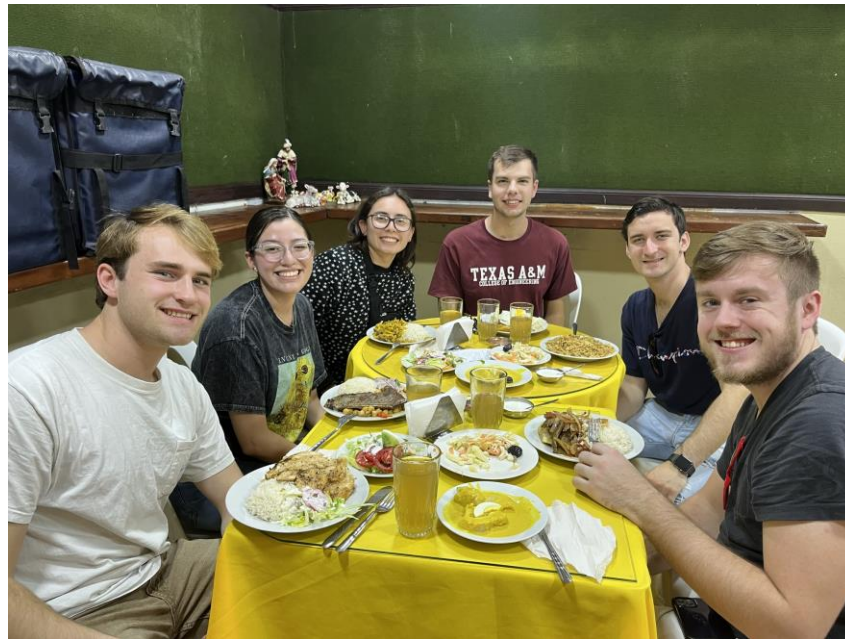

Sacred Valley pt. 2

Food :)

Peru certainly has some of the best food in the world, and this amazing group of people made it even better!

More Food :D

Bonus Pics!

From Paratriking, to fountain shows, to feeding Alpacas, we got to do so many cool things in Peru!
