Reflection

This study abroad will be one of the highlights of my university life. I made many new friends that I believe I will stick around for a long time. Being able to experience France for a summer was incredible and is an opportunity I would do again.

Throughout the study abroad, we went on many trip and activities. I enjoyed learning about French culture and history, and getting to live in a beautiful city such as Aix-en-Provence. I wish we had gotten to meet and befriend more of the French Students, but Lucas and Zoe were amazing and provided us with some great activities and experiences. There were some difficulties with this trip, but I believe that these have made me more adaptable and has been a great global experience that I can bring back to my life at Texas A&M.

I will forever be grateful for the opportunity to travel abroad while studying. I met some great people, and went on some amazing adventures. My favorite trip was to Monaco, I never believed that I would be able to visit the City, especially during a Formula 1 Race Weekend. Overall, this has been a trip that I will never forget.
