

An aerial photograph of the Tower of the Winds in Thessaloniki, Greece. The tower is a prominent, cylindrical stone structure with a crenellated top, situated on a paved promenade. To the left of the tower is a landscaped area with several trees and a paved walkway. In the background, the city of Thessaloniki stretches along the coast, with a large harbor area featuring numerous ships and cranes. The sea is a deep blue, and the sky is a clear, light blue. The overall scene is captured during the golden hour, with warm lighting.
