So Pretty!!!

A vibrant turquoise bay with a steep, forested cliff on the left. Several small boats are anchored in the water, and the rocky shoreline is visible in the foreground.

A wide-angle photograph of a lake at sunset. The foreground shows a rocky, light-colored shoreline with some sparse vegetation. The lake's surface is covered in small, shimmering ripples. In the background, a dark, forested hill rises against a sky with a gradient of colors from blue to orange. The sun is low on the horizon, creating a warm glow.

A scenic view of a coastal town, likely Dubrovnik, Croatia, viewed from a high vantage point. The town is built on a hillside, with colorful buildings (red, blue, and white) and a harbor filled with boats. The water is clear and blue, and the foreground is dominated by dark, leafy trees and shrubs.

A large, rugged rock formation jutting out into the sea under a clear blue sky. The rock is dark and craggy, with some sparse vegetation on top. The water is a deep blue, and the sky is a solid, clear blue. In the foreground, there is a dense thicket of green bushes.

Dance Class

Welcome Dinner

A joint dinner with all the classes including good food and live music.

Cooking Class

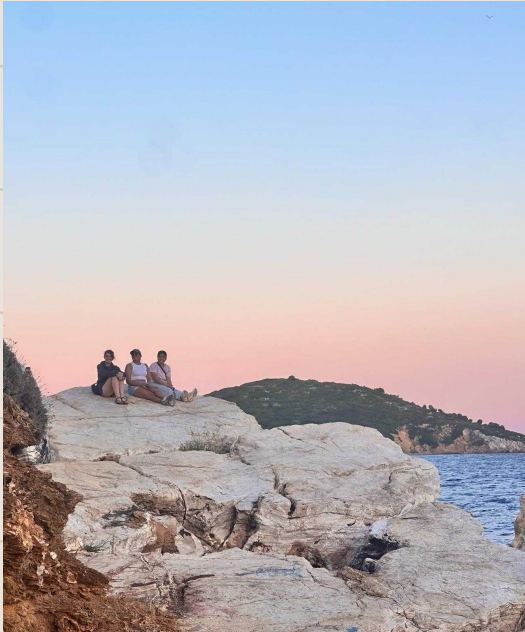

Learning to cook some traditional dishes and enjoying them afterward. I found this to be a fun class activity.

Dance lessons on some easier more traditional dances.

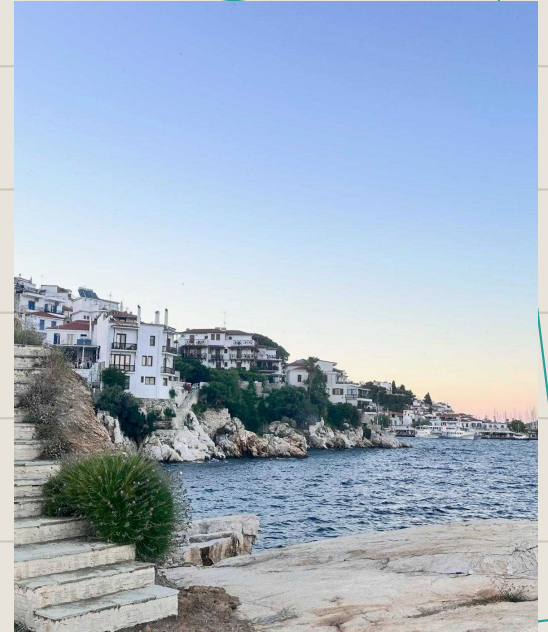

Sunsets

The Wall

Skiathos

New Friends

Exploring with Friends...

I not only enjoyed getting to see new places but getting lost in the city with friends.

I have met many new people, made friends, and made many new memories.

So many cats...

Cats

Greece has many wild cats. I personally enjoyed many cat sightings. I would like to highlight one of my favorite photos above.

Meteora & Mt. Olympus

After the learning part of our class ends our time in Greece is not over. We go on to see the monasteries of Meteora and Mt. Olympus.

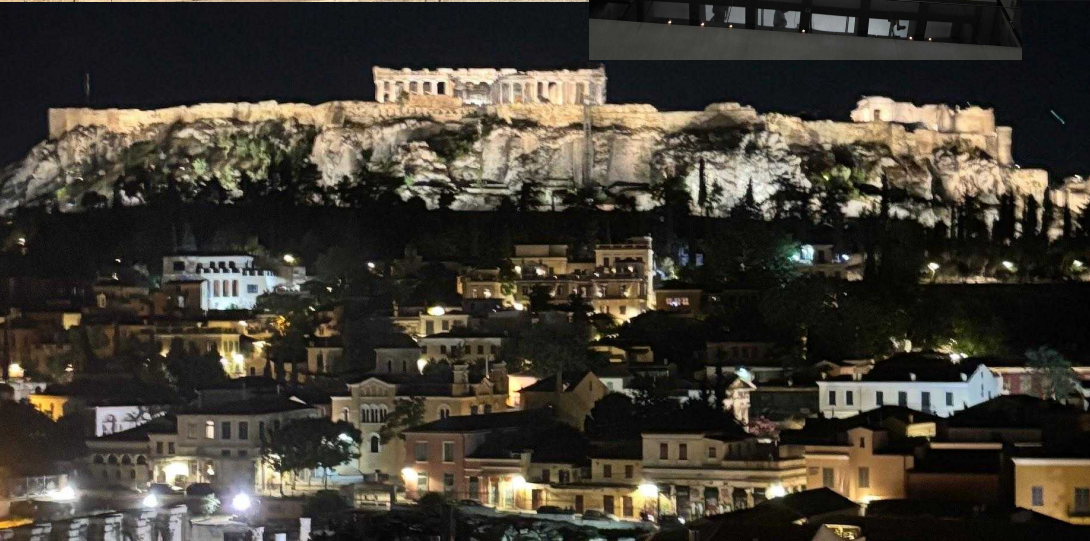

We got to visit some of the monasteries in the unique landscape of Meteora. I also took a small hike through the Mt. Olympus area.

Meteora

Mt. Olympus

Off To Athens

We will end our trip in Athens visiting the Acropolis and other famous sites on our tour. Our final group activity in the form of a farewell dinner will also take

Thank You

Overall I had an amazing experience on our trip. I enjoy traveling and with friends it makes everything much more enjoyable.

I would encourage everyone to look into a study abroad at least once in their studies. The class is manageable and you will not regret it.

I loved getting to spend time with peers and bond with our professor.

**You will not
regret it!**
